BIP&GO  
Télépéage  
SIMPLIFY TOLL PAYMENTS

DISCOVER THE ADVANTAGES  
OF THE BIP&GO  
ELECTRONIC TOLL PAYMENT  
BADGE.

**Save time** thanks to dedicated electronic toll payment lanes. **Guarantee optimum comfort:** no need to wind your window down, insert your ticket or fumble around for coins or your bank card. You can pass straight through without stopping, thanks to a simple box.

You will deal exclusively with BIP&GO, whichever country you are in.

... AND NOT JUST TRAVELING  
ON THE MOTORWAY.

BIP&GO also offers easy access to certain car parks and ferries.

# WHERE YOU CAN USE YOUR BADGE IN FRANCE

Attach  
your badge  
to your  
windscreen

 You can use your badge all over the French motorway network. Use the dedicated lanes indicated by this logo. The badge can also be used in over 400 car parks in France.

More information on [bipandgo.com](http://bipandgo.com)

## PLEASE NOTE

The Mont-Blanc and Fréjus tunnels are not equipped with electronic toll payment and therefore do not accept the badge.

## USEFUL INFO

If you do not wish to use your badge, simply remove it from your windscreen and place it in the aluminium pouch provided when you subscribed. This will make sure the badge is not detected.

# WHERE YOU CAN USE YOUR BADGE IN ITALY

In Italy, you can use the Telepass® electronic toll payment lanes anywhere. Like in France, there are dedicated 30 km/h lanes indicated by this logo.

You can also use the mixed bank card and Telepass® lanes indicated by this logo.

Some motorways are equipped with Free Flow tolls, which are indicated by this logo. You don't need to do anything: they detect your badge and register your journey. No need to stop.

The badge works in certain car parks and ferries indicated by this logo.

## REGISTERING YOUR NUMBER PLATE

You must register your number plate on your BIP&GO account when you subscribe. This information will be used to match your transactions with your account should your badge not be detected. This will prevent problems with the infrastructures of certain countries, especially with the new Free Flow toll payment systems. You can modify your number plate easily and quickly in your Bip&Go subscriber area.

## BILLING AND PAYMENT IN ITALY, SPAIN AND PORTUGAL

Your BIP&GO badge records the expenses you incur in Spain, Portugal and Italy and passes them on to our partners. The bills that correspond to these expenses will be made available in your BIP&GO subscriber area. For your convenience, there is no need for you to subscribe with our partners. BIP&GO will do everything for you. BIP&GO charges your account for your expenses in Spain, Portugal and Italy and pays its partners for you.

# WHERE YOU CAN USE YOUR BADGE IN SPAIN

The “Via-T” system in Spain works in the same way as the French electronic toll payment system. Most Spanish toll gates are equipped with dedicated 30 km/h lanes. They are indicated by this logo.

You can also use the mixed bank card and “Via-T” lanes indicated by this logo.

The badge also works in car parks indicated by this logo.

# WHERE YOU CAN USE YOUR BADGE IN PORTUGAL

In Portugal, there are 2 types of tolls:

Free Flow motorways indicated by the ‘Electronic toll only’ sign. You don't need to do anything: these barrierless tolls detect your badge and register your journey. You can keep driving without stopping.

Motorways with traditional tolls that operate with the “Via Verde” system, which is similar to the French electronic toll payment system. Dedicated Via Verde lanes are signalled with this logo.
